

Determining that a student has been waived from taking the placement test under Multiple Measures

If a student has been waived from taking the Placement Test because they have a 2.6 GPA and the required math courses, you will see "GPA Waiver for MM" in the Placement Tests area of the **TSUM** screen. The Score that is posted is the student's HS GPA without the decimal point. In the example below, the student had a 3.20 HS GPA and the score is 320.

The screenshot shows the 'Placement Tests' section of the TSUM screen. A red oval highlights the first row of the table, which contains the following data:

	Eq	Dt Taken	Score	Pct	Source	Status	Status Dt
1	GPA Waiver for MM	Yes	09/25/14	320		A	09/25/14
