

Connect to Wireless Network

Vista & XP

Vista

Click Start Button  then click **Connect to**.

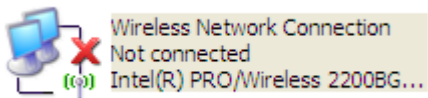

Click **PCC Wifi** in the Choose a Wireless Network box and click the Connect button.

You should receive a successful connect message and have full connectivity.

XP (Classic Menu **Same for Vista Classic Menu**)

Click start button → Setting → Network Connections

Right-Click Wireless Network Connection → View Available Wireless Networks

Click **PCC Wifi** in the Choose a Wireless network box and click the Connect button.

You should receive a successful connect message and have full connectivity.

Wireless Authentication

After connecting to the wireless network, open your favorite web browser to surf the internet as usual.

You will be redirected to a Login page, where you will find our wireless network policy. Please read through this policy thoroughly as it affects you the user directly.

Login to Wireless:

After accepting the certificate through your browser you must logon to the Wireless network.

Read the entire wireless policy thoroughly.

Enter credentials:

Username: PCC

Password: student

Then click the “Submit” button to connect.

You will then be directed to the Network Acceptable Use Policy. Please read this policy to prevent any violations and possible eviction from network.

***Any faculty or student using a **wired** laptop must disable their wireless network connection. For assistance contact the helpdesk.

Pitt Community College Wireless Network

Welcome to Pitt Community College Wireless Network Terms and Conditions

Pitt Community College offers free wireless "WiFi" access to the Internet for students and employees. When you use PCC's Wireless Internet service you are accepting the Network Acceptable Use Policy. Please take the time to read the Network Acceptable Use Policy after entering your credentials.

This is an unsecured wireless network. The wireless connection cannot be used for illegal purposes, nor shall it be used in any way that violates the Network Acceptable Use Policy. Pitt Community College is not liable for loss or damage to files, or the functionality of your device resulting from connecting to the wireless network. The user agrees to be solely responsible for such loss or damage.

Limitations (but not limited to the following):

- HTTP and HTTPS only
- No printing services
- No lock support

Pitt Community College will do its best to provide wireless Internet access during regular school hours. If any technical problems arise, we will do our best to minimize downtime but are not held liable for any outage.

For more tips on how to secure your wireless connection visit this link: http://www.pittcc.edu/help/knowledge_base/laptop_security.html

After reading this disclaimer, please enter credentials and click the Submit button below. You will be redirected to PCC's Network Acceptable Use Policy
